# Print 4 Ltd

## WHAT THEY ARE DOING

Print 4 innovate with sustainable products to create effects and finishes of every description, on just about anything you can imagine, like paper stock made from recycled textiles, discarded coffee cups and use vegan inks.

The Print 4 approach is simple, they reduce, re-use and recycle and have accreditation for ISO 14001 environmental management. They have installed LED lighting throughout most of their building, added a filtration system to clean and recycle their water, calculated their carbon emissions for scope 1, 2 and 3, and only use renewable energy (wind and solar).

**GET IN TOUCH TO TELL US HOW YOUR ORGANISATION IS REDUCING ITS CARBON FOOTPRINT.**
