

## ABOUT

Ridewise is a Nottingham-based environmental charity which has operated in this region for over 16 years.

They support people, communities, and businesses to reduce their carbon emissions through walking, cycling, and green forms of transport.

# Ridewise

## WHAT THEY ARE DOING

Ridewise helps people access to bikes, walks and a variety of other transport support. This not only provides environmental benefits but also reduces the barriers to accessing physical activity, improves mental wellbeing, and connects people to the places that are important to them.

Ridewise has undergone a full carbon assessment process, and they are looking to become a carbon positive organisation.

Their team is undergoing training in Carbon Literacy. Ridewise aims to become an accredited Carbon Literate organisation. They then intend to develop their own accredited teaching module that they can deliver to businesses and schools within the region, concentrating on transport and other sustainability issues.
