

Nottingham Playhouse

WHAT THEY ARE DOING

Nottingham Playhouse have signed up to the Theatre Green Book (TGB) initiative, and are tracking and reducing the carbon footprint of their materials, travel, waste, and deliveries. They host Sustainable Productions Summits for the East Midlands creative industry to discuss carbon reduction and adaptation to climate change.

Their Green Champions Team meet monthly to integrate sustainable practices including installing LED lighting, rolling out Sustainable Procurement Guidance, and monitoring Scope 1,2, and 3 emissions.

Over 75% of Nottingham Playhouse staff, including Board members, have undertaken Carbon Literacy Training, and the theatre received the Carbon Literate Organisation Silver award in June 2024.

ABOUT

Nottingham Playhouse is one of the country's leading producing theatres, and in 2023 it was named UK's Most Welcoming Theatre.

Their acclaimed participation programmes involve and support the local community and future theatre-makers.
