WHAT THEY ARE DOING

Local suppliers are used to provide all cask and craft beers served on site, along with much of the food such the meats, coffees and sauces. This reduces delivery miles and is supporting other local businesses.

All single use miniature toiletries from the hotel rooms have been removed and replaced with recyclable and refillable dispensers, whilst the product themselves are all natural, vegan and paraben free.

There is low energy LED lighting throughout and hotel showers have been fitted with eco shower heads to reduce water consumption.
