

ABOUT

This family-owned business was founded in 1969 when Mr Pietro Romano Snr. bought his first ice cream van and chimed the streets of Nottingham.

Romano's Ice Cream boasts a fleet of vintage and modern vans enabling them to cater any event or special occasion.

WHAT THEY ARE DOING

Romano's are committed to reducing their carbon footprint and are aiming to be carbon neutral by the end of 2023.

80% of the Romano's ice cream van fleet runs on electric.

Their new ice cream vans have also been designed to power the ice cream machine and electrical equipment using lithium batteries, enabling them to turn off the engine while trading.

This reduces their carbon footprint and helps keep our green spaces green.
